MEMORANDUM FOR: Mr. John Waller
Inspector General, CIA

FROM:
Acting Director, Policy Guidance Office

SUBJECT: Input to the DCI's Annual Report

25X1

25X1

1. Preparation of the DCI's Annual Report for calendar year 1978, due to the President and the Congress by 25 January 1979, is now under way. The DCI has approved a concept for this year's Annual Report which is more selective than last year's, both because this seems more appropriate to a 1978 characterized by attention to key intelligence issues rather than the comprehensive report approach used for 1977 as a year of extensive community restructuring, and also to limit length for a busy reader to a manageable 30-40 pages (last year's ran 80 plus). The DCI has also approved an outline for this year's report (Attachment 1). Part I is designed to allow the DCI to highlight the particular characteristics and emphases of 1978 in intelligence; Part II is intended to air several issues of great importance to him, his key Executive users, and the Congress. The Annual Report will carry a high classification and receive extremely limited distribution.

25X1

2. In connection with one aspect of the Legal and Propriety Issues section of the outline, we would appreciate your input on the effect to date of augmented responsibilities, staffing, and increased frequency of some categories of inspections. We would like, if possible, to get beyond structural description of types and volume of inspection activity into some examples of areas in which augmented inspection activities can make a difference in performance, whether in terms of legality, propriety, security or operational effectiveness. 25X1

3. is responsible for producing this year's DCI Annual Report. Please identify a principal point of contact for her to work with. We shall need your comments by COB 6 November, in order to accomplish integrated drafting of the entire Annual Report in November, review in December, and DCI clearance and production in January. 25X1

PERMANENT SELECT COMMITTEE
ON INTELLIGENCE

WASHINGTON, D.C. 20515

Executive Director

78-216/4

September 15, 1978

Honorable Stansfield Turner
Director of Central Intelligence
Washington, D.C. 20505

Dear Admiral Turner:

This is in further reference to your letters of March 1 and April 12, 1978 suggesting that the annual reports to be submitted to this Committee concerning intelligence and intelligence-related activities should be consolidated into one report. The structure of the Annual Report which you submit to the President could then be changed to respond to the requirements of reports requested by this Committee.

After careful consideration, the Committee agrees that it would be useful and more efficient for you to continue reporting on the activities of those organizations and programs which are part of the National Foreign Intelligence Program, while leaving to the Department of Defense the responsibility to prepare an additional report on intelligence-related activities, as well as other appropriate comments regarding intelligence activities.

In addition, the Committee recommends more detailed treatment of the intelligence activities of the Department of State and Federal Bureau of Investigation in your next report.

The format used in the 1977 Annual Report is acceptable for 1978 provided the additional information specified in the attachment is included or otherwise appended.

With respect to the Committee's request for an unclassified version of your report, the Committee recognizes it may be necessary to use a different approach and proposes to leave its arrangement to your judgment.

The Committee requests your assistance in providing the Annual Report prior to January 25, 1979.

With every good wish I am,

Sincerely yours,

EDWARD P. BOLAND
Chairman

The Honorable Edward P. Boland, Chairman
Permanent Select Committee on Intelligence
U.S. House of Representatives
Washington, D. C. 20515

Dear Mr. Chairman:

Your letter of September 15, 1978, is very helpful in clarifying guidance on timing and content of my Annual Report. I will be able to accommodate the topics you specify as wanting included and/or emphasized with one probable exception--agreements on cooperation between intelligence components of the U.S. Government and foreign governments. That does not seem to me an appropriate topic for coverage in an Annual Report; accordingly my Office of Legislative Counsel will be in touch with your Staff shortly about an appropriate separate response to this request.

With respect to the other five special subjects, and the scope and content of the Annual Report generally, members of my Resource Management Staff are in touch with the Committee's Staff Director, Mr. Latimer.

With very best wishes.

Yours sincerely,

STANSFIELD TURNER
